

EDGE® Pro USER MANUAL

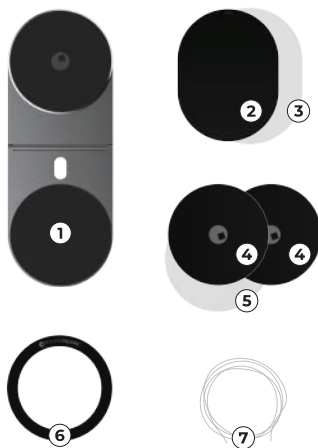

There are no products like EDGE® Pro around, so make sure you understand how to install it by watching the **instructions video**.

rollingsquare.support/edgepro

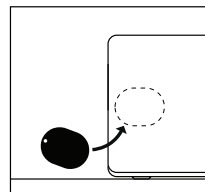

WHAT'S IN THE PACK?

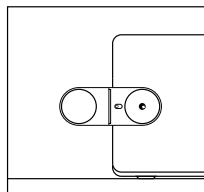

- ① EDGE® Pro Core
- ② Adhesive metal plate
- ③ Nano suction adhesive (plate)*
- ④ Adhesive metal disc
- ⑤ Nano suction adhesive (disc)*
- ⑥ Adhesive metal ring
- ⑦ Plate remover

*Nano suction adhesive stickers are made for surfaces where the pre-mounted stickers are not strong enough.

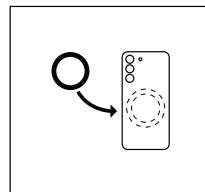

EDGE® Pro Core installation

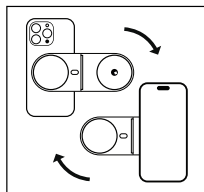

Stick the adhesive Metal plate on your laptop leaving no more than 10mm from its border.

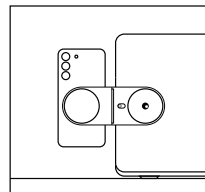

Magnetically snap the EDGE Pro Core on the adhesive Metal plate on your laptop.

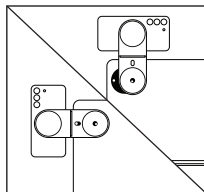

Stick the adhesive Metal ring to your NON-MagSafe phone. Not necessary for iPhone 12 & up.

EDGE Pro Core works also with MagSafe iPhones (12 & up), on the two sides with our RS logo.

Snap your phone to the EDGE Pro Core and **enjoy your journey**.

Attach Metal plate & EDGE Pro Core in this way to enjoy both **portrait** and **landscape** modes.
